

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: David Mossington
DOCKET NO.: 05-26922.001-R-1
PARCEL NO.: 18-05-107-006-0000

The parties of record before the Property Tax Appeal Board (PTAB) are David Mossington, the appellant, and the Cook County Board of Review (board).

The subject property consists of a 53-year-old, one-story single-family dwelling of masonry construction containing 1,409 square feet of living area and located in Lyons Township, Cook County. The residence contains one bathroom, a partial basement, air conditioning, a fireplace and a two-car garage.

The appellant submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within three blocks of the subject. These properties consist of one or one and part two-story single-family dwellings of frame and masonry or masonry construction and range in age from 50 to 67 years. The comparables have one or two bathrooms and full basements, three with air conditioning, two with fireplaces and one or two-car garages. The comparables contain between 1,335 and 1,607 square feet of living area and have improvement assessments ranging from \$23,843 to \$30,442 or from \$14.84 to \$22.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$33,910, or \$24.07 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of one-story single-family dwellings of masonry construction and are 50 or 54 years old. The comparables contain one bathroom, full basements, two have

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

air conditioning, and all have fireplaces and one or two-car garages. The comparables range in size from 1,206 to 1,496 square feet of living area and have improvement assessments of between \$33,050 and \$36,502 or from \$24.40 to \$27.40 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

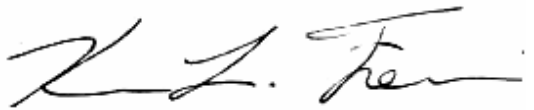

The PTAB finds the board's comparables one and three and the appellant's comparable three are the comparables most similar to the subject. These properties have improvement assessments ranging from \$20.85 to \$24.52 per square foot of living area. The subject's per square foot improvement assessment of \$24.07 is within this range of properties. The PTAB affords less weight to the remaining comparables because while they are similar, they differ from the subject in living area or construction or age. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the subject's per square foot improvement assessment is supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
